

JACK GO4INO

League of Legends Color Casters and Desk Analyst

Looking for broadcasting opportunities in the League of Legends scene, and data science in esports.

CASTING EXPERIENCE

2018

Alienware Game Arena

Color Caster

📍 Contracted Work

On air caster for the Alienware Game Arena Tournament. Worked alongside fellow broadcast members to deliver an entertaining show. Gained knowledge on the basics of researching players and communicating compelling narratives.

2019

International College Cup

Color Caster

📍 Contracted Work

Brought on as an emergency caster to aid in the official English broadcast. Worked closely with the team to bring a show as per Riot guidelines.

2021

Risen Champions Spring Proving Grounds Broadcast

Desk Analyst

📍 Contracted Work

On air talent for the Risen Champions broadcast crew, during the 2021 Spring Proving Grounds. Helped develop broadcast plans, player and team narratives, and streamed content.

2021

Wildcard Gaming Proving Grounds Stream

Color Caster, Analyst

📍 Contracted Work

Broadcast team member for Wildcard Gaming. Coordinated setting the foundations for their first regular League of Legends show. Worked with staff and players to tell why the players of Wildcard deserve to go pro.

2021

College Championship Unified Broadcast

Color Caster, Analyst

📍 Contracted Work

Collaborated with Unified EA and Riot Scholastic Association on the Unified stream for the first round of CLoL playoffs.

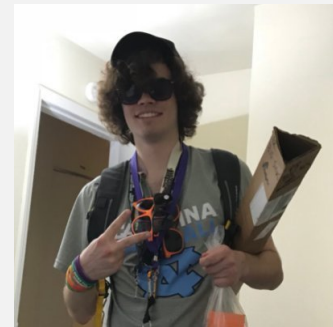

2021

Amateur Arena

Color Caster

📍 Contracted Work

Brought on to shoutcast the AoE Amateur Arena in houses. The event was meant to showcase the talent of high elo players to LCS org staff, and me along with my fellow casters helped hype up the players on stream.
